

The 2019 MCC has a new giving platform, providing you a more streamlined giving experience. **If you pledged or donated in the past, do not use the username and password previously created.**

To give online, you must create an account. Click “Give Now” to access the new MCC online giving portal, then click “Sign In” on the top right corner of the page to login. You will be asked to enter a **new Username and Password/Unique Code** based on your specific agency. Please reference the chart below for assistance; note that “Code” is in reference to “Unique Code.” Your Password/Unique Code is also printed on the pledge form provided by your Campaign Coordinator.

If you need assistance, [click here](#) and the MCC support team will assist you. You may also call 571-458-1072 or email mcc@charities.org.
